Spring Home & Garden — 2026 —

The caterpillars of fritillary butterflies hatch in autumn, go dormant right away without feeding, and sleep through the winter. They awaken in the spring at the same time as violet plants – their only food – begin to grow.

It is feared that global warming may disrupt this delicate and important synchronization and cause extinction of fritillary butterflies.

– Brenda Weaver
Source: www.fs.fed.us

Spring Home & Garden — 2026 —

Now here's a tip!

by Jo Ann Derson

it season for six months or longer, and you'll have firewood ready when the temperatures drop again.

- "If you are melting chocolate in your microwave, do yourself a favor: Line the bowl with wax paper or parchment paper. The chocolate is still easily stirrable, but when you take it out, you can lift and scrape all the chocolate off the paper so that none is wasted!" — A.A. in Florida

- "Planning a new roof? Go light on the color for cooling benefits. Check with your home insurance company to see what discounts it might offer for different styles or options, like upgraded hurricane clips or fire retardant materials." — R.E.W. in Tennessee

- Cut a cord of firewood in the spring and cure it yourself. Store it away from the house and properly care for the wood by stacking it where it will have access to the sun and wind to dry it. Let

- Check bagged frozen vegetables with the squeeze test: If it is hard and solid, it has thawed and refrozen, so you should choose another bag.

- Keep musty smells out of your linen closet by stashing a box of baking soda on one of the shelves, just as you would in the kitchen.

- "Place a bit of clear tape over the place where you are going to drive in a nail to prevent the nail from cracking drywall. The nail goes right in. Also, if

you are nailing into wood, you can drag your nail through some soap (a bar soap is fine) before striking and it does the same thing — it'll keep the wood from splitting. You can even keep a travel size bar of soap in your nail apron just for this." — P.K. in New Jersey

Community Event

Presented by:
TUSCOLA BEHAVIORAL HEALTH SYSTEMS

Will shares his personal journey with depression and anxiety during his time playing football at the University of Michigan. After initially trying to hide his struggles and “tough it out,” he made the courageous decision to seek help—one that ultimately changed the course of his life.

Despite these challenges, Will excelled at U-M. He graduated as a four-time letterman in football, earned four Academic All-Big Ten honors, and was twice named a Big Ten Distinguished Scholar. During his senior season, Will started every game as defensive tackle for the Wolverines, helping lead the team to an 11-2 record, a victory over Ohio State, and a Sugar Bowl Championship.

After graduating, he co-founded Athletes Connected, a program dedicated to supporting the mental health and wellness of student-athletes.
