MINORITY MENTAL HEALTH AWARENESS MONTH
 July

Mental health is essential to a person's life in the same way as physical health. Hesitation to talk about mental health adds to the notion that the topic is taboo. It is important to normalize conversations surrounding mental health so people can feel empowered to seek the help they need. Show your support this month and beyond by having a greater understanding and compassion.

Mental health includes emotional, mental, and social well-being. It impacts how a person thinks and feels and affects how a person may act, manage stress, and make choices. When a person takes care of their mental health, they are better able to cope with everyday stress or challenges.

Normalize conversations and spread the awareness that good mental health is achievable thanks to many forms of support and resources available in our community and that mental health issues are treatable.

ACCREDITED FOUNDATION

FINANCIAL HIGHLIGHTS FOR YEAR ENDING 2023

The Tuscola County Community Foundation (TCCF) experienced significant growth in total assets in 2023. This growth can be attributed to the foundation being the recipient of a Charitable Remainder Unitrust, the transfer of a private foundation, the development of five new funds, and continued individual donor support. The Foundation's strong financial position provided over \$566,500 in grant awards towards community projects and student scholarships!

TCCF is accredited by the Council of Foundations National Standards for U.S. Community Foundations Board through October 15, 2025. The national standards program requires community foundations to document policies and meet standards for donor services, investments, grantmaking and administration.
