

Curious to see how evolving cannabis laws have impacted Tuscola County Residents?

Cannabis Policy Study

Funding for this study was provided by the Department of Licensing and Regulatory Affairs Cannabis Regulatory Agency; Marijuana Operation and Oversight Grants.

The objective of this survey is to examine the impacts of cannabis legalization on Tuscola County Residents.

This survey is 100% anonymous and is for Tuscola residents 18 and older.

You will be asked about marijuana, marijuana use, and your opinions about marijuana, and other health related questions.

Mental & Health

Mental health is essential to a person's life in the same way as physical health. Hesitation to talk about mental health adds to the notion that the topic is taboo. It is important to normalize conversations surrounding mental health so people can feel empowered to seek the help they need.

- Mental health problems don't only affect adults. Children, teenagers, and young adults can also have mental health problems.
- It can be hard to talk to your child, dependent, or person you are caring for about mental health. Get tips for starting the conversation at www.tbhsonline.com/mental health resources.
- Anyone can experience mental health problems. Friends and family members can make all the difference in a person's recovery process. Offer support and resources to your friends and loved ones.
- Take a Youth or Adult Mental Health First Aid class from TBHS to learn more.
