Keep Your Car Ready for Michigan's Fall Roads

As the temperatures drop and the leaves start to turn, Michigan drivers face familiar fall challenges — wet weather, muddy roads, and shorter daylight hours. A little seasonal car care now can help prevent long-term damage, improve visibility, and keep your vehicle looking sharp through autumn and beyond.

1. Wash Away the Fall Grime

After a long summer, give your car a thorough wash to remove built-up dust, pollen, and road grime. Regular

washing keeps paint from dulling and prevents corrosive residue from sticking to your finish.

Use a quality car wash soap that removes dirt without stripping protective coatings.

Don't forget to clean wheel wells and undercarriages where mud and leaves tend to collect — these spots can trap moisture and cause rust.

2. Protect the Finish

Apply a layer of wax or spray sealant early in the season to shield your paint from moisture and road salt. Reapply every few weeks for

best protection.

- Focus extra attention on lower body panels and rocker areas most exposed to splash-up.

- A strong protective coating helps water bead off the surface and makes cleaning easier later in the season.

3. See and Be Seen

Visibility can make all the difference once the days get shorter and the rain settles in.

- Clean windshields, mirrors, and headlights inside and out to remove haze and streaks.

- Replace worn wiper blades and make sure your washer fluid is full.

- If your headlights appear dull, consider a restoration kit to bring them back to full brightness.

4. Freshen the Interior

Fallen leaves and damp shoes can take a toll inside the cabin.

- Vacuum carpets and seats to prevent soil buildup and odors.

- Switch to rubber floor mats to protect against mud and melted snow.

- Wipe dashboards, panels, and glass surfaces regularly to keep your interior clean and comfortable.

5. Fall Maintenance Checklist

Before the first frost, make these quick checks:

- Battery: Cold mornings can reduce performance, so test or replace if needed.

- Tires: Check tread and air pressure — slippery roads and wet leaves demand good traction.

- Lights and Wipers: Confirm all bulbs work and wipers clear evenly.

Drive Confidently into Winter

A few hours of preparation now will pay off when Michigan's unpredictable fall weather sets in. With clean glass, protected paint, and a well-maintained interior, you'll be ready for whatever the season throws at you — from October rain to the first snow flurries.

Behind the smile
THERE'S A STORY
Let's talk about it

 **Tuscola Behavioral Health Systems**

Feelings of sadness are common human emotions. When more severe symptoms like lack of energy and hopelessness develop in multiple areas of a person's life along with persistent sadness over at least two weeks, they may be experiencing a condition known as major depressive disorder (MDD).

Depression does not have a single cause. Symptoms can begin to appear following a life crisis, physical illness or something else - but they can also occur for no reason at all. (Source: NAMI)

If you think someone is showing signs of depression, talk to them. It can make a difference!

Offering your support sends a powerful message that they are not alone. No one should feel alone in their mental health journey or without resources and support.

Emergency Services Available 24/7
