Long Driveway Program Requests / Open Enrollment 2024 Season

Many homes in Tuscola County are set back from the county road and, subsequently, shielded somewhat from the effects of the road-side adulticide operations. Therefore, if so requested by the owner, their property will be reviewed to see if it meets the criteria for the Long Drive program. The basic criteria for a home to be placed on the long drive list are:

- There must be a residence on the property and the front of the home must be 300 feet or greater from the edge of the roadway.
- There must be an adequate turnaround for our truck that does not include driving across any lawn areas.
- The driveway must be passable with a two wheel drive vehicle, and free of any items.
- The drive area must have significant vegetation, providing areas of mosquito harborage.

Other factors such as sensitive locations, for example No Sprays, Organic Farms or Bees adjacent to the property may exclude the property from treatment except under specific conditions. Homeowners must understand that treatment could commence as late as 1:00 a.m. and that windows should be closed prior to retiring for the night. We cannot notify residents when your property will be treated, as it is dependent on the route and the weather conditions.

If you would like to request your property to be considered for the 2024 season, we will begin taking requests March 11, 2024 through April 12, 2024. If you have any questions please call 989-672-3748.

Common

SIGNS of Mental Illness

Diagnosing mental illness isn't a straightforward science. It can't be tested the same as testing for blood sugar levels for diabetes. Each condition has its own set of unique symptoms, though symptoms often overlap. Common signs and/or symptoms may include:

◆ Feeling very sad or withdrawn for more than two weeks

◆ Trying to hurt or end one's life or making plans to do so

◆ Severe, out- of -control, risk taking behavior that causes harm to self or others

◆ Sudden overwhelming fear for no reason, sometimes with a racing heart, physical discomfort or difficulty breathing

◆ Significant weight loss or gain

◆ Excessive use of alcohol or drugs

◆ Drastic changes in mood, behavior, personality or sleeping habits

◆ Extreme difficulty concentrating or staying still

◆ Intense worries or fears that get in the way of daily activities

◆ Seeing, hearing or believing things that are not real \*certain cultures may not interpret hearing voices as unusual, various cultures may interpret this as part of their culture.
