TUSCOLA BEHAVIORAL HEALTH SYSTEMS

Will shares his personal journey with depression and anxiety during his time playing football at the University of Michigan. After initially trying to hide his struggles and “tough it out,” he made the courageous decision to seek help—one that ultimately changed the course of his life.

Despite these challenges, Will excelled at U-M. He graduated as a four-time letterman in football, earned four Academic All-Big Ten honors, and was twice named a Big Ten Distinguished Scholar. During his senior season, Will started every game as defensive tackle for the Wolverines, helping lead the team to an 11-2 record, a victory over Ohio State, and a Sugar Bowl Championship.

After graduating, he co-founded Athletes Connected, a program dedicated to supporting the mental health and wellness of student-athletes.

Why you need dental insurance in retirement.

Medicare doesn't pay for dental care.¹

That's right. As good as Medicare is, it was never meant to cover everything. That means if you want protection, you need to purchase individual insurance.

Early detection can prevent small problems from becoming expensive ones.

The best way to prevent large dental bills is preventive care. The American Dental Association recommends checkups twice a year.

Previous dental work can wear out.

Your odds of having a dental problem only go up as you age.²

Treatment is expensive — especially the services people over 50 often need.

Unexpected bills like \$299 for a filling ... \$1,471 for a crown³ can be a real burden, especially if you're on a fixed income.

¹"Medicare & You," Centers for Medicare & Medicaid Services, 2025. ²"Aging changes in teeth and gums", medlineplus.gov, 4/17/2022. ³FairHealth, Inc. National average dental fees. Data current as of July 2025; subject to change.

When you're comparing plans ...

- ▶ Look for coverage that helps pay for major services.
- ▶ Look for coverage with no deductibles.
- ▶ Shop for coverage with no annual maximum on cash benefits.

Simply put – without dental insurance, there may be **an important gap** in your healthcare coverage.
