Mental Health

Mental health is essential to a person's life in the same way as physical health. Hesitation to talk about mental health adds to the notion that the topic is taboo. It is important to normalize conversations surrounding mental health so people can feel empowered to seek the help they need.

- Mental health problems don't only affect adults. Children, teenagers, and young adults can also have mental health problems.
- It can be hard to talk to your child, dependent, or person you are caring for about mental health. Get tips for starting the conversation at www.tbhsonline.com/mental-health-resources.
- Anyone can experience mental health problems. Friends and family members can make all the difference in a person's recovery process. Offer support and resources to your friends and loved ones.
- Take a Youth or Adult Mental Health First Aid class from TBHS to learn more.

New job, new retirement account options

Changing jobs? Consider these 401(k) options:

- Leave the money in your previous employer's plan
- Move it to your new employer's plan
- Roll it over to an Individual Retirement Account (IRA)
- Cash out the account subject to early withdrawal penalties

We can talk through your financial goals and find the option that works best for you.
